

FL-830 Frontloader

The FL-830 raises a maximum of 330kg up to 8,3m high. Designed for the rough daily business and recommended for challenging set ups. Ensuring maximum convenience, total safety and a lift off load directly from the ground.

The FL-830 is set with a slightly angled body to counter balance loads with perfect stability allowing heavier loads. The FL-830 has an internal RBS emergency system that locks the profiles in place. The easy to handle locking bolts and heavy duty automatic brake winch guarantees safe fold/unfold operations. All Eurotruss lifters are powdercoated black.

Facts

- Oversized locking bolts & base
- Oversizes steel cables
- Automatic brake winches (manufactured to the VGB 8/10.93 standard).
- Emergency brake system RBS (Rail Blocking System)
- Reinforced Stabilizers
