

FLS-520 Frontloader Sound

FLS-520 Frontloader Sound

FLS-520, a powerful & compact lifter for ground lifting line array up to a 420kg load up at 5,2m. Compact as it is only 1,66m high in folded position and powerful as all parts are reinforced. The position of the front legs and distance between them increase the stability and spacious enough to position the subwoofer.

Unique RBS, locking bolts and brake winch give you the power and the peace of mind to fly your PA.

All Eurotruss lifters are powdercoated black. The FLS-520 combines the great load capacity at a maximum convenience with very compact dimensions

For sure on of the most powerful lifter in our market.

Facts

- Reinforcement bars to withstand the weight of the load
- Oversized locking bolts & base
- Oversizes steel cables
- Automatic brake winches (manufactured to the VGB 8/10.93 standard).

* For imperial info - See page 249

Unique locking bolts help with the best grip and handling plus safety.

The FLS-520 has been designed for small Line Array systems, that is why it includes a frontal reinforcement for the bracket.
